

14th December 2016

Dear Parent/Carer

'Future Generation' After School Club

I am delighted to inform you that we now have almost 100 employers signed up to support the Future Generation project and I am working with the school's careers team to plan a programme of activities and events to give your son/daughter the opportunity to engage directly with these employers.

As part of this programme there will be a **Future Generation after School Club** starting next week and continuing until the end of the academic year.

These sessions will take place in enrichment time every **Monday from 2.30 until 3.30pm**, and will be employer led, with the support of careers staff.

Sessions will cover a range of topics giving students the chance to learn about different industry sectors and local job opportunities, and also enhance their employability skills.

Students will be invited to attend sessions based on their work theme preferences and relevant job types indicated on their recent Careers Interest Survey results and also through their discussions with careers staff.

I do hope that you will encourage your son/daughter to attend these sessions as they will play an important role in helping guide and shape their career pathways and are a great opportunity to forge links with potential employers of the future.

As ever, I'd like to thank you for your continued support, it is very much appreciated.

Yours sincerely

Mark Hassack
Principal
